# What Sulphur Does

mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and, mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect. Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

San and experiment have proven that the best sulphur for modicinal use is that obtained from Calcium (Calcium Sulphide), and sold in Grug stores under the name of Stuart's Calcium Wafers. They are small choo-olate coated pellets, and contain the ac-tive medicinal principle of sulphur in a this form of sulphur in restoring and highly concentrated, effective form.

Few people are aware of the value of maintaining bodily vigor and health; sul-phur acts directly on the liver and excre-

ory organs, and purifies and enriches the blood by the prompt elimination of waste material. Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sul-phur were often worse than the disease, and cannot compare with the modern con-

and cannot compare with the modern con-centrated preparations of sulphur, of which Stuart's Calcium Wafers is un-doubtedly the best and most widely used. They are the natural antidote for liver and kidney troubles, and cure constipa-tion and purify the blood in a way that often surprises patient and physician alike.

In patients suffering from boils and pimples and even deep-seated carbundes, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafers is a proprietary article, and sold by droughts, and for that reason taboved by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles, and especially in all forms of skin disease, as this remedy."

PEOPLE'S MISSION.

The Woman's Shop.

Thanksgiving has come and gone, and we desire to return sincere thanks to our many friends who have favored us with their patronage. We wish to say that the broken ranks of our well selected stock have been strongly reinforced by new arrivals in the past two days, so that we are just as well prepared now, and, in fact, a little better than before the Thanksgiving rush, with the very newest things in Suits, Skirts, Shirt Waists, Furs, etc.

We have plenty of new brown Suits, and they are moderately priced, too. We mention two special values that have surpassed anything in the suit line shown in our city this season.

These suits are divided into two lots, and are displayed on separate racks from our regular stock.

Lot No. 1 consists of Venetian Cheviot and Mixture Suits, in several styles, that sold at \$15.00, \$17.50 and \$18.50. They \$10.00
